Monday, 6 November 2017

8:30 am – 5:30 pm: Microscopy Workshop

Tuesday, 7 November 2017

8:30 am – 12:00 pm: Lectures

Scientific Programme:

Navigating through Low Grade B-cell Non-Hodgkin Lymphomas – Nodal, Extranodal and Splenic

Dr Andrew Wotherspoon

- Non-splenic marginal zone lymphoma
- Small B cell lymphomas in the spleen
- Recent advances in our understanding of small B cell lymphomas

Dr Leonard Tan

- An immunoarchitectural approach to low grade B-cell lymphomas: staying above phenotypic pitfalls

About our Invited Expert:

Dr Andrew Wotherspoon

Consultant Histopathologist
Clinical Director for Histopathology and Haematopathology
The Royal Marsden NHS Foundation Trust
London, United Kingdom

Dr Leonard Tan

Senior Consultant
Department of Anatomical Pathology
Singapore General Hospital

About the Course:

We are pleased to have **Dr Andrew Wotherspoon** as our invited expert pathologist this year for our inaugural haematolymphoid pathology workshop!

This one and a half-day workshop will allow participants to be exposed to a variety of haematolymphoid pathology cases related to this year's theme. Participants will enjoy the cases through light microscopy and digital microscopy, as well as lectures on approaches to and current topics related to low grade B-cell non-Hodgkin lymphomas.
